Instagram: Where to get the stream key

Format: 9:16 Vertical 9:16

KEY PAGE · INSTAGRAM IN YOUR COMPUTER'S BROWSER
https://www.instagram.com/

STEP BY STEP

1. Open Instagram in your computer's browser (professional account: creator or business).
2. Click Create (+) → Live video.
3. Add a title, choose the audience and click Next.
4. Copy the "Stream URL" and the "Stream key" and paste them here.
5. Start streaming in CastDeck, go back to the Instagram tab and click "Go live" when the preview appears.

IN CASTDECK

RTMP destinations → New destination → choose the platform, check the format and paste the URL and the key.

IMPORTANT

- Instagram's key changes every live: update the destination before each broadcast.
- Vertical 9:16 format (720×1280). Keep the Instagram tab open during the live.
- The stream key is like a password: anyone with it can stream to your channel.
- Platform screens change often; menu names may vary slightly.
